Pink Monarch Prints

These are digitals and can be printed over and over again.

It is best to use a laptop/computer when printing.

Please understand that all computers and printers may have slight size and color variation. This is to be expected. Some clients prefer taking their digitals to a print shop to be printed and that is just fine.

COPYRIGHT TERMS

Pink Monarch Prints owns the rights to the digitals created and sold for this shop. If you have any questions, feel free to reach out but here are the general guidelines.

- You MAY NOT distribute these images in digital form in any way.**
- You MAY NOT simply print a kit and then sell it in a physical form.**
- You MAY print the kit, alter the kit and create your own beautiful physical product, such as cards or journals, to sell.**
